

PSA Member Gallery Submissions

If you would like a sample of your work on the PSA member web gallery, please send me the following via email (anne@annetrimble.com):

- A short biography (3-4 sentences about your history/experience and your work/medium)
- Contact info (phone/email/address if you want)
- If you have a website, the URL of that site.
- An attached digital file of one piece of your art:
 - In .jpg format
 - Maximum dimensions in pixels: w=500 h=575 (dpi not important)

For those of you who do not yet have their art in digital format, there are several options:

- An arts/graphics service: **Alex Patho** (Glenshaw, PA) and **World West Galleries** (Washington, PA) are two highly recommended fine art photographers in the Pittsburgh area. There are also several members of PSA who can provide this service (specifics coming).

If you're having this done, have the service do it at the highest resolution possible for your archives -- you'll want the "original" as well-defined/big as you can get for giclee or other prints. You can also have them provide a smaller image for the website.

- Take a photo of your piece with a digital camera (the quality of the resulting image is dependent on the quality of the camera and the lighting setup—next to professional studio lighting, natural sunlight is best).
- If your 2D piece is small enough, you can use a flatbed scanner to scan your art.

Looking forward to seeing your favorite work—and sharing it with the world!
